Symptom (public)

I only find generic FAQs in this FAQ system, whereas I'm looking for the FAQ for the START Manager Console!

Problem (public)

Did you requested the access to the Manager Console FAQs?

Solution (public)

The FAQ system for START is divided in three access levels:

- Public FAQs, which can be browsed by everyone, which are related to general questions about START, about the submission process and about license agreements.
- FAQs available to registered users, which can be browsed by everyone who registered in the system from the FAQ web interface
- START FAQs, available to conference managers, which covers the configuration and usage of the START Manager Console. To get access to these FAQs, please send a mail to support@softconf.com
